EXPERIENCE

Smart Soko L.t.d, Nairobi — *Software developer and support*

June 2018 - March 2020

Description : Smart Soko Business Solutions L.T.D is a Software Development company that develops Enterprise Softwares for startups and clients.

UrbanTap : Developed UrbanTap client UI in HTML,CSS and VueJs(JavaScript) . Urban tap startup is a web based platform that lets you get city services by ordering from the web, or registering as a vendor.

Tei.co.ke : Was incharge of support, maintenance and improvement of the Tei e-commerce system. The system was built on php-Laravel. I was tasked with managing the database entries and updating data in real time.

Betting Platforms: BetPalace System, Tanzanian Based Biko betting platform among others. Technologies used included Java, JavaSpringBoot, MySQL and Linux. I was L1 support for all the betting platforms that were developed at Smart Soko. I was part of the team that did Java code review, JPA, JDBC and Java bean management, systems architecture review and data maintenance.

I was later incharge of the customer care, Tech support team and innovation team. This is where I started getting active in writing code.

Softcom Business Solutions L.t.d, Nairobi — *Tech Support*

September 2017 - Jan 2018

Provided Tech support to the Hospital Management System, installing the system in Hospitals, doing client training, system customization and maintenance.
